**> WHITE-PAPER PRESENTATION
[VERSION AVAILABLE ONLY FOR EXCLUSIVELY INVESTORS]**

CRONOSNAUTS

The project is a symbol of **free identity**. Everyone must have the opportunity to express themselves freely, which is why we have decided to create a community based on **equality and mutual respect**.

"We find a **spaceship** in a galaxy, they were watching us .. we call them **Cronosnauts**.."

Cronosnauts it's a **large project** defined in several parts for the **long term**.
We minted **500 NTFs** on **Crypto.com** with some success.
Then we decided to move on **Cronos Chain**.

UTILITY NFT

The project encompasses utility, scarcity and much more than what you expect. The idea is to mint two generations:

-**1st GEN** will be **1,111 Cronosnauts.**
They will give you **exclusive access** to the events and projects that the team is agreeing with different **partnerships**.
All **owners** of (at least) 1 Cronosnauts will receive an airdrop of our **$ CROF** token.

-**2nd GEN** will be **3,333 CronosnautsX (3D V.)**.
Owners of a 1st GEN Cronosnauts will have the opportunity to **mint 2nd GEN** *in* **pre-sale** (soon)
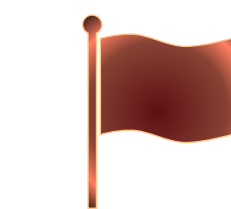

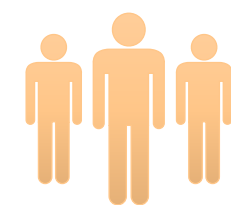

$CROF TOKEN

CROF token is the utility token of ***CRYPTOFAMILYNFT***.
To incentivize all $CROF holders, **80% of all protocol fees** *(Royalty, NFT, LP fees)*
will be distribuite in a **staking $CROF pool - 30% in a LP**.

We do this to ensure **huge rewards** and **reduce sale-pressure by applying the buyback** in a strategic way.

CRO/CROF

Yield Farms allow you to stake Liquidity Pool (LP) tokens to earn CROF. The LP tokens come from Liquidity pools by adding tokens to provide liquidity. The % of APR depending on the value of LP tokens, reward multiplier, and price of $CROF and $CRO.

$CROF

Staking Pool allow you to earn passive income. How we do that? It's simple. You earn CRO by Staking CROF. 50% from all protocol fees will be distributed in staking pool.
